Provider Signature	Phone

Medication Policy

- St. Anne's School implements a standard medication administration policy that all prescription medications to be given in the school setting will require written permission of the student's parent/guardian and physician and authorization by the school nurse.
- Any non-prescription medications (this includes cough drops) will require written permission of the parent/guardian and authorization by the school nurse.
- Prescription medicines must be provided by a pharmacy or physician-prepared bottle. Over-the-counter medications must be in the original container and age appropriate for the student.
