

EnviroNizer™ CORDLESS

SCAN FOR
**CARE
& USE**

EFFORTLESS DISINFECTING
and **DEODORIZATION**

Ultra-fine wet-mist spray

VALIDATION

Deploying the **EnviroNizer™ Cordless** to **CLEAN** and to **DISINFECT** using the appropriate solutions (**EnviroNize® Catholyte**), FIRST to clean all Key High Touch Non-Porous Surfaces, then disinfecting the same key high touch surfaces using **EnviroNize® Disinfectant** solutions and following the label use applications will result in maximum protection against unwanted pathogens.
