Mission, Aims & Values

Our primary aim is for every student to be aspirational, confident and be on the road to realising their ambitions. We are aware that some of our students come from disadvantaged backgrounds; therefore, we want to remove any barriers they face and facilitate their social mobility.

We want students to enjoy learning in our safe and secure environment, be intellectually curious and achieve their potential in every subject.

We aim to expose our students to a range of experiences and opportunities, both inside and outside of the curriculum, that will fully prepare them for the next phase of their education or the world of work.

These are the four pillars of our school. They display what our school is built upon and explain our mission, aims and our core values.

Possible tasks:

- Use a dictionary to find out the meaning of any words you aren't sure of .
- Make a poster using any format of your choice (computer programmes, paper, cardboard, canvas etc.), to replicate the four pillars and include anything you think could be in each section too!
- Under each pillar write what you think that means/looks like (eg. Inspirational teachers - I believe Inspirational teachers are kind, thoughtful and respectful. Their lessons are fun, engaging and where possible, active!

Whatever you create, send it or a picture of it to transition@sellyparkgirls.org

We look forward to seeing what you produce!
