ANNUAL
REPORT

Healing and Hope
Victory Health Partners

VICTORY HEALTH PARTNERS
MISSION STATEMENT

As a witness for Jesus Christ,
Victory Health Partners exists
to minister to the physical,
emotional and spiritual needs
of the medically under-served
by providing affordable,
quality health care services.
We recognize that God is the
True Healer and the source of
all. We seek to know Jesus
Christ, His Son and to make
Him known.

20
21

After following a year that none could have imagined, 2021 was a year that presented continued difficulties and challenges. As we weathered each challenge with our patients and our community, Victory Health stayed committed and focused on the fulfillment and growth of the mission God had commissioned nearly 20 years ago. God continued to equip and empower Victory to serve each patient who walked through our doors with excellence, as COVID-19 pandemic and the various variants moved through our community. Even through the continued trials of a pandemic, hurricanes, and a malware incident, Victory took the growth posture as the formation of new life-saving and restorative programs were established. Our annual report illustrates the faithfulness of God and the impact of the faithfulness of our partners and community have made within the lives of over 35,000 patients.

A NOTE FROM THE 2021 BOARD CHAIR

Ira Bates, Jr. Vice President Community
Development Officer, The First Bank,
A National Banking Association

"Blessed is the man that trusts in the LORD, and whose
hope the LORD is." Jeremiah 17:7

Faith, Hope and Love is at the core of what we do at
Victory Health Partners. I believe through faith and
the actions of love we are able to foster hope to our
neighbors at their most vulnerable time. Hope is the
anchor to our soul and a major key to the healing
process. When Christ is our Hope, we have a steady and
sure anchor that will see us through our most difficult
of times. Hope for healing for all, through the faith
and skill of our physicians, staff and many volunteers,
is our mission. We know that in Christ is all faith, love,
hope and healing. I am honored to serve Victory
Health Partners in continuing the great commission of
spreading the Gospel and making a lasting impact in
the lives of our neighbors throughout the community.

A WORD FROM DR. ROBERT LIGHTFOOT

As I enter the clinic, I am often reminded of a moment with the Lord when He spoke to me saying, *"Every time you listen, you get to hear My heartbeat."* The heartbeat of a patient who has nowhere else to go to receive care. The heartbeat of a single mom who has juggled paying for her rent, her children's school supplies, and her insulin for her diabetes. Or, the heartbeat of the man who has struggled with depression for far too long. My mind is brought to the story in Acts of the man crippled who sat waiting and begging for money from those who passed by. As the disciples, Peter and John, encountered him, they stopped and saw him. They didn't give him the money he was asking for, they gave him more than he could ever imagine. In Jesus' name, the man who was crippled was healed completely and fully. Can you imagine his testimony? What restoration and joy from his healing. This is what we encounter at Victory, through the provision of not just excellent healthcare, but the love and compassion of the Great Physician. I encounter the love of God through the mission of Victory everyday. It is through His provision, compassion and faithfulness that I and all of Victory experience the heart of God.

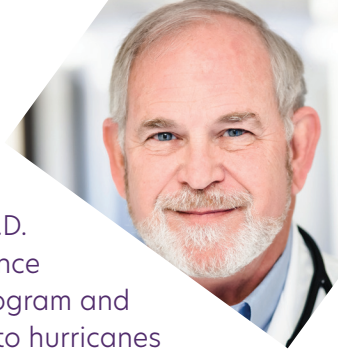

As 2021 was another year of great difficulty, I am so encouraged by the great work that has been and will continue to be accomplished through Victory and our partners like you. From the

establishment of the William M. Lightfoot, M.D. Surgical Patient Assistance Fund, Healthy Living Program and the ministry's response to hurricanes and the continued impact of COVID-19, I am convinced that God continues to position Victory for growth and to make an even greater impact in the future. We are nearing our 20th year anniversary and have impacted over 35,000 patients from throughout the Gulf Coast. That's 35,000 heartbeats and testimonies of lives restored. Thank you for your compassion and commitment to the healing and hope for the patients we are privileged to serve.

God bless!

Robert D. Lightfoot, M.D.
Executive/Medical Director

*2020/2021 Hope For Healing Dinner

“I have been impressed with the way that I have been treated by the physicians, nurses, and staff. I was scared to death and the staff reassured me that I was important enough to them to help me through this hard time in my life.”

- Victory Patient

PATIENT ASSISTANCE PROGRAM: Provision of Free Prescription Medications

The Dispensary Program enables Victory patients to receive all or most of their medications at no charge. Due to the arduous process of enrollment into the pharmaceutical companies' patient assistance programs, Victory staff and volunteers enroll Victory patients into these programs on their behalf. Victory continues to provide medication and laboratory work for patients who are positive for Hepatitis C. The 150 patients who have completed the treatment have all been cured of their Hepatitis C. The cost of the medication and treatment is over \$70,000 per patient. The patients receiving this care have no cost for their medication. In total for 2021, Victory provided

over \$60 million worth of free medication to patients through our Medication Assistance Program. This is significant as 1 in 4 uninsured adults could not afford filling a drug prescription this past year and the same proportion went without recommended tests or treatment due to cost.

Victory orders medication from over 25 pharmaceutical companies' patient assistant programs. The companies below highlight the programs that Victory has been able to secure the highest volume of medications for our patients.

**\$0 COST
to Patients**

ESTABLISHMENT OF William M. Lightfoot, M.D. Surgical Patient Assistance Program

As Victory looks forward to celebrating 20 years of serving God through the fulfillment of the mission at Victory in 2022, the leadership looks forward to continuing growth in the ministry. One exciting announcement is the creation of the William M. Lightfoot, M.D. Surgical Patient Assistance Fund that will provide life changing surgeries to patients. In memory of Dr. William Lightfoot, who was Victory's first partner and partner surgeon, this fund will assist patients with necessary diagnostic procedures and surgeries to move them forward in life. The opportunity for our patients to receive restorative surgeries would not be possible without the strong partnerships with our local hospitals.

WILLIAM M. LIGHTFOOT, M.D.
PATIENT SURGICAL FUND

COVID-19

While 2021 presented numerous challenges, God was faithful in the ways He equipped Victory to face each challenge and navigate it towards opportunities to better serve our patients and to strengthen the ministry. With the surge of the different variants of COVID-19, Victory responded with providing COVID Kits for patients that contained a month's supplies of the recommended vitamins and supplements. Victory also referred a high volume of patients to receive the monoclonal antibody infusions when they tested positive for COVID-19. As many of the local hospitals have been such tremendous partners in the past to Victory, the staff came together to provide prayers, words of encouragement and snacks to the areas in the hospital who were caring for COVID patients.

IDA RESPONSE

Victory is always ready to respond to mission aligned needs within the community and as hurricanes are a part of living on the Gulf Coast, Victory is prepared to care for any evacuees in our community. Victory provided care to a number of evacuees when Hurricane Ida struck Louisiana. Evacuees were in critical need of prescription medication, seeing a physician and speaking with our counselors.

PARTNERS OF HOPE AND HEALING

The Living Stones Society

As we reflect on 2021, Victory can clearly see the lasting impact the generosity and compassion from our dedicated donors have made within the lives of thousands of the patients we are privileged to serve. The collective impact of when healing and hope are combined creates an outcome of our patients' lives being restored, transformed and saved. Because of our partners, a critically ill patient had access to a specialist who provided life-saving care, a patient took a deep breath as a result of our Smoking Cessation clinic, a diabetic received their insulin for no additional cost, and a listening ear was given to a patient battling depression. Patients experience the hope from the Ultimate Healer in a medical practice that cares for their physical, emotional and spiritual needs in a dignified manner. We thank you for the lasting difference you have made within the lives of the 35,000 patients Victory has encountered.

VICTORY'S AMBASSADORS

Our Volunteers

The 40,000 volunteer hours represent time filled with intentional moments of care and compassion transforming the lives of our patients. It is in these moments that Victory's purpose is fulfilled. Every task, from answering the phones, sorting medications, to triaging a patient has purpose and equips Victory needs and restores the lives' of every patient who walks through our doors.

Pre-med students gain patient care hours and experience within a medical clinic environment. Our student volunteers interact with our medical staff, have opportunities to shadow, learn medical terminology and experience real life moments with patients. Students impact their community by helping to provide access to care for adults who are without health insurance. Our volunteers are diverse and range for all ages and all levels of experience.
