

MOBILE, AL | DECEMBER 2023

DEEP AND WIDE

Robert D. Lightfoot, M.D., Executive / Medical Director

We serve a deep and wide God. I cannot believe that our God, the Creator and Sustainer of all, is infinitely wide, but an inch deep. He is equally wide and deep with the love He has for us.

This is the model of healthcare Victory Health Partners embodies with every patient and every encounter for our over 40,000 patients since opening in 2003. Our patients can expect a committed team, comprehensive approach when it comes to their wellness. As needs arise for their wellness, our patients can be confident there is a community of medical partners, volunteers, our staff and donors who partner together to find solutions and access to their healing. Their healing might include a hip replacement, access to psychiatry, cancer screenings, social work, or medications for their heart disease or diabetes. Healing could include access to healthy food through Victory's food pantry, prayers with our spiritual counselor, or receiving much needed access to dental care.

Holistic, Christ-centered healing in and of itself is wide and deep. This is why when Victory looks to the future, expansion of the continuum of care provided through Victory and its partners is not something that is just desired, but something that is greatly needed for our patients. Victory has completed a feasibility study for a capital campaign with a consultant engaging with stakeholders including donors, city leadership, hospital administration and our medical partners. The feedback provided tremendous value and communicated support for the continuation towards Victory's capital campaign. With commitment to Victory's core mission, while expanding in the areas that are still aligned with our mission and greatest needs in the community, we will begin the next phase of the development of the capital campaign beginning in 2024. I and our leadership welcome the opportunity to share the vision of the expansion to all who are interested in learning more and partnering with us to bring healing and hope to our patients. As we conclude 2023 continuously pursuing the calling God has placed on all of our hearts here at Victory, I pray blessings over you and that God will return to you in abundance all that you have shared for our patients' healing and for their hope.

COMMUNITY PARTNER SPOTLIGHT: *Alliance to the Medical Society of Mobile County*

The Alliance to the Medical Society has been a faithful partner since Victory's doors have opened since 2003. This network of physicians and physician spouses believes in taking action to improve the health and quality of life for people in the community who need it the most.

Through their impactful support surpassing over \$50,000, Victory has had the capacity to provide a full continuum of healthcare to heal the patients we are privileged to serve. Their commitment to heal and share with our community has touched the lives of thousands of our patients.

Christ-Centered Healthcare for Uninsured Adults | VictoryHealth.org

"The Alliance to the Medical Society of Mobile is honored to partner with Victory Health Partners. We strive to help educate, serve and provide funds to those in need in our community. Our fundraising efforts are reflected in so many great ways through Victory Health Partners; from the abundance of food and cookware in the food closet, to helping provide essentials wherever needed. We look forward to growing our relationship with them and continuing to help in all aspects that this amazing program has to offer." - Hanna Bolling, President

2023 - 2024 BOARD OF DIRECTORS

Victory Health Partners' Board of Directors steward, lead, and further the mission of Victory with unwavering commitment to excellence in the care provided to our patients. Their significant contributions of leadership, wisdom and influence provides lasting healing and hope to the patients we are privileged to serve.

FEAR AND UNCERTAINTY

Testimony by Victory Patient Pastor Stephen Williams

Fear and uncertainty are just two of the many words that describe the emotions that I felt during the beginning of April of 2022 in what can only be described as a health crisis. Months of struggling for every breath and not knowing what was happening in my body left me with many sleepless nights. The added pressure of being a bi-vocational pastor and not having adequate healthcare options left me limited as to what I could do about my health issues. Time and space would not allow me to explain my health journey over the last year, however, it was during this time that I was encouraged to visit Victory Health Partners as a possible option for my healthcare. From the moment I walked in for my financial consultation, the care and compassion I felt from the staff was an immediate source of comfort and reassurance. It was Dr. Lightfoot and the staff of Victory Health Partners who gave me clarity in my health issues and pointed me in the direction of the necessary treatment available to me. Dr. Lightfoot not only provided medical assistance, but he also provided the spiritual assistance that is so vital when you are going through a crisis. There is a difference between knowing that someone exists and then actually being introduced to them. For years as a pastor, I've known and read that Jesus can heal but it was Victory Health and the ministry and prayer that Victory Health provided, that I was introduced to Jesus as MY Healer. I am so thankful for the work and ministry of Victory Health Partners and the guidance of Dr. Lightfoot and his staff for providing all my healthcare needs.

TRANSFORMING LIVES THROUGH PHYSICAL THERAPY

We believe in the power of physical therapy to transform our patient livelihoods. Our goal is simple: to relieve pain, improve mobility, and empower our patients to take charge of their health. *“Our partnership with Victory Health is integral to our mission at the University of South Alabama Department of Physical Therapy. Our overarching mission is to develop compassionate physical therapists who serve as movement specialists and primary care leaders in health and wellness. Through this partnership, our students not only learn the technical and scientific aspects of physical therapy, but also the vital skill of empathy and understanding. The first hand exposure to Victory Health’s clients allows our future physical therapists to develop the ability to connect with and provide care for individuals from various backgrounds and with diverse healthcare requirements.”* - Dr. Shawn Drake, chair of the Department of Physical Therapy for the Pat Capps Covey College of Allied Health Professions at USA

“Partnering with Victory Health allows us to truly live out the mission of our organization “to inspire and empower the lives we touch, to serve our communities, and to lead with purpose-driven passion.” We are grateful to have the opportunity to extend our physical therapy services outside the walls of our clinics and are honored to be a small part of the impact Victory Health Partners is having in our local communities.” - Alesha Walker, Regional Vice President for Operations, Benchmark PT

YEAR END GIVING

Ways to Wise Charitable Gifting

Charitable giving comes from your heart but thoughtful ways to make the gift should be done also to fulfill family philanthropic purposes. Tax consequences and liquidity needs of donors should be considered. Let's address cash and appreciated securities briefly.

1. Gifts of Cash This is the easiest way to contribute to charity. A cash gift can be for a specific purpose or as an undesignated contribution. Your out of pocket gift of \$1000 can be less after tax deductions applicable. For example, a donor making a donation of \$1,000 who is in the 24% tax bracket and takes and receives a charitable donation has a net \$760 gift cost. If a person has an IRA and is over 70 1/2 years old, they can make a direct gift from the IRA to charity that counts toward their required minimum contributions that begin at age 72. The gift is excluded from gross income resulting in a tax saving similar in amount to the prior example and this may be easier than assuring full use of the income tax charitable deduction. Such IRA gifts are limited to \$100,000 in any one year.

2. Appreciated Securities Gifts One of the alternatives to a cash donation is the gift of appreciated securities. A gift of appreciated securities held for over a year has greater tax benefits in that you receive a deduction for the full fair market value of the securities and avoid the taxation of the capital gain that would have been realized on a sale. As an example, you gift \$10,000 in stock with a cost basis of \$1,000 receiving a charitable deduction of \$10,000 and avoiding \$9,000 in capital gains tax. The \$10000 charitable deduction to the extent itemized and allowed reduces your income tax causing the gift cost to be further reduced similar to a cash gift.

The above is not intended as legal advice but is for general informational purposes. Any prospective donor should seek the advice of their legal and/or tax professionals to determine the effect of their gifts.

SNAPSHOTS FROM OUR PARTNERS IN HEALING

Victory's inaugural Partners in Healing event was the opportunity to unite medical providers for a deeper understanding of our patients and the continuum of healthcare provided through the current network of over 160 medical partners.

Through the generous support and commitment of Springhill Toyota, Lexus of Mobile and the Mathews to Victory Health Partners and our medical partners, lives will be saved and futures transformed for the patients we serve.

GIVE HEALING AND HOPE WITH A YEAR END GIFT

As you consider your year-end impact, we respectfully ask that you consider including Victory in your giving. Your gift brings healing and hope to our patients who have gone without access to affordable and quality healthcare prior to Victory Health Partners. Below are simple, secure and quick ways to make your year-end gift:

END OF YEAR GIFT

For every \$1 donated, over \$70 worth of life saving and transformative healthcare is provided to patients who no longer rely on the emergency room for their source of healthcare.

MONTHLY GIFT

A monthly gift of even \$25 will have a collective impact with Victory's other monthly donors and together, lives will be saved and hope will be shared with our uninsured patients.

A GIFT OF STOCK

Interested in healing our patients through a gift of stock? Contact Kim Garrett at kgarrett@victoryhealth.org for the information needed to easily transfer stock which will offer treatment to our patients.

IRS U.S. 2023 ELIGIBILITY TAX DEDUCTION GUIDELINES

A donation to Victory Health Partners is tax deductible. Information on making a donation can be found at victoryhealth.org/partner-with-victory
Mailing Address: 3750 Professional Pkwy, Mobile, AL 36609

Per the IRS.gov

1. Check envelopes must be postmarked by USPS on or before December 31, 2023
2. Stocks must be transferred by your firm/broker by December 31, 2023.
3. Wire transfer/ACH/U.S. credit card and PayPal donations must be made by midnight on December 31 **in your time zone.**

RURAL HEALTHCARE: *Healing and Hope Beyond the Walls*

Victory lives out its name of 'Partners' in every area of its model of care including our outreach efforts outside of the clinic's walls. Victory is thrilled to have begun partnering with Infirmiry Health with their Cancer Mobile Unit with Victory providing health screenings such as blood pressure checks and diabetes glucose checks along Infirmiry as they provide cancer screenings and information. Outreach events have already taken place within communities such as Prichard, Jackson, and others are being planned for 2024. Victory also has leveraged its partnership with Feeding the Gulf Coast to also provide healthy produce to the community as they receive their health screenings. Through this partnership, Victory and Infirmiry are bringing healing and hope straight to our community to promote health and wellness.

"Infirmiry Health has been proud partners with Victory since day one with the leasing of Victory's practice location for \$1 a year, maintenance support on the building, referrals to specialty care and now the outreach partnership with Infirmiry Cancer Care's mobile unit. Through this outreach partnership, Victory and Infirmiry Health are going beyond our hospital and practice walls to promote early detection of cancer, and to prevent diseases, taking advantage of heart disease and diabetes screenings. With the need ever increasing for access to healthcare, treatment and preventative care for chronic diseases and cancer, Infirmiry Health is proud to be a partner with Victory."

- Joe Stough, Executive Vice President and Chief Operating Officer, Infirmiry Health

MEET TWO OF OUR NEWEST VOLUNTEER PROVIDERS

Dr. Kim Laan, Optometrist, Vision Partners

"I got connected to Victory Health last year after attending Hope for Healing. I've been doing eye exams there for a few months and have enjoyed it beyond measure. The comprehensive care they give is so difficult to find for uninsured patients but is so critical to not just their health, but also helping steady them on their feet in life. I'm so proud to be a small part of their team. I'm also a board member of the Alliance to the Medical Society of Mobile County. We love the mission and goals of Victory so much that we selected them as one of our organizations to support this year. We recently donated 40 new Crock Pots for the Food Pantry!" - Dr. Kim Laan

Victory Health Partners continues to forge partnerships with dentists, hygienists, and oral surgeons who share our passion for making a difference.

If you are in the dental or medical field and you are interested in exploring partnership opportunities, please reach out to Kim Garrett, Victory's Director at kgarrett@victoryhealth.org.

Dr. Kevin Nguyen, Dentist, Premier Dental Group

Dr. Kevin Nguyen and his dedicated team from Premier Dental Group have joined hands with Victory to make a positive impact on our community's oral health. Their commitment helping Victory Health provide affordable and high-quality dental care is a beacon of hope for our patients. The need for accessible dental care in our community remains substantial, and Victory is deeply grateful for Dr. Nguyen's partnership. Together, we aim to bridge the gap and ensure that everyone has access to the dental care they need.

GIVE THE GIFT OF A STRONGER, HEALTHIER COMMUNITY.

“Victory truly cares. They did not give up until they found something that helped me.” - Patient Testimony

This Christmas season, remember your loved ones by providing the monetary gift of healing to our patients. Those you honor will receive a personalized, hand-addressed Christmas card acknowledging your generosity. Please complete the form below and return by mail to **Victory Health Partners, 3750 Professional Parkway, Mobile, AL 36609** OR **scan** and **email** to kgarrett@victoryhealth.org by **Friday, December 15, 2023** to ensure delivery in time for Christmas. A downloadable form is located at victoryhealth.org/partner-with-victory

A tax-deductible minimum donation of \$10 per card is suggested. Through this gift, you are an ambassador for Victory Health's mission of providing a full spectrum of compassionate and comprehensive healthcare for our neighbors, friends and community members without health coverage.

Making Our Patients, Jesus And Affordable Healthcare

KNOWN

Hope for Healing

Keynote Speaker: TIM TEBOW
Tuesday, APRIL 30, 2024

Sponsorships & Tickets: VICTORYHEALTH.ORG

Our 2024 Hope for Healing is a night when a community comes together to make the unknown **KNOWN**. At Victory Health Partners, our patients experience compassionate and **KNOWN** healthcare. Join us as our healthcare partners share inspirational break through in the battle to provide hope and healing for uninsured adults. Hear testimonies from patients on the power of God on their lives. To conclude the evening, Tim Tebow, Heisman winner, Football Hall of Famer, and philanthropist, will deliver an inspirational message.
