

VICTORY HEALTH PARTNERS

Healing & Hope

ANNUAL
REPORT 2022

MISSION

As a witness for Jesus Christ, Victory Health Partners exists to minister to the physical, emotional and spiritual needs of the medically under-served by providing affordable, quality health care services. We recognize that God is the True Healer and the source of all. We seek to know Jesus Christ, His Son, and to make Him known.

*Christ-Centered Healthcare
For Uninsured Adults.*

FAITHFULNESS OF GOD

The pages of the 2022 Annual Report are a collection of testimonies of the faithfulness of God and your impact within the lives of those we have the privilege to serve every day.

So much healing and hope have been accomplished within the last 20+ years and we are expectant that we will continue to see the fulfillment of His mission at Victory Health Partners.

We are simply, but profoundly, living out, ***“He sent them out to proclaim the Kingdom of God and to heal” - Luke 9***, every day at Victory Health Partners.

-Robert D. Lightfoot, M.D.,
Executive/Medical Director

“For I know the plans I have for you, declares the Lord, plans to prosper you and not harm you, plans to give you hope and a future.”

- Jeremiah 29:11

2022 BOARD CHAIR

Erin Delaporte, *Customer Service Manager*
Alabama Power

At Victory Health Partners, our doctors, nurses, staff, and volunteers instill hope to our patients through physical, emotional, and spiritual healing. We strive to provide compassionate, comprehensive care and to be a beacon of light to all those who are suffering. Due to the support of our community and our gracious donors, Victory will continue to provide hope and healing to those who need it most.

“I have never received such care at a time I needed it the most. I felt like my health was what mattered, not my circumstances”

- Patient Testimony

BUT GOD KNEW, AND HE IS NOT DONE YET

I remember the moment with complete clarity, sitting at the small table outside our hotel room in Guatemala while serving on a medical mission trip. While serving thousands who barely had the clothes on their backs, I penned with excitement and nerves the current mission statement of Victory Health. **From that moment, there have been 20 years of experiencing the faithfulness of God.**

His faithfulness reflected in the abundant provision of Victory's patients' needs, the response of our partners, and the commitment of a community to care for one another. With every appointment, patient encounter, phone call from a patient in need of healing and hope, we have the opportunity to share the lasting, eternal healing of our True Healer. He has given us the authority and equipped us to excellently provide a full spectrum of healthcare to our patients who at one time fell within the gaps of healthcare. I couldn't imagine at that moment, writing the mission statement we would have the blessing of serving over 40,000 patients from throughout the Gulf Coast. I couldn't visualize, that Victory's care would range from internal medicine, dental, mental healthcare, psychiatric counseling, nutrition and surgeries. **But God knew, and He is not done yet.**

To all of our partners, donors and volunteers, I pray God returns in abundance all you have shared with our patients. God knew from the moment He shared the mission statement you would be a part of its fulfillment within the lives of our patients. Lives have been saved and forever transformed because of you.

God Bless!

Robert D. Lightfoot, M.D.,
Executive/Medical Director

9,050 Patients Served in 2022

\$65+ Million in Medication Provided at NO Cost

40,000+ Patients since 2003

25+ Patients Received Life-Saving Surgeries through Patient Surgical Assistance Fund

2,338 Lab Appointments at Minimal Cost

160 Referring Physicians

905 Received Counseling and Psychiatric Care at NO Cost

2022 IMPACT OF HEALING

Partnerships, volunteers and financial gifts allows Victory Health Partners to offer comprehensive healthcare.

40,000 Volunteer Hours in 2022

44 Counties Served in MS, AL, and FL

SPECIALTY CLINICS

200 Optometry Appointments

191 Dental Appointments

256 Pulmonary Appointments

205 Neurology Appointments

Additional Clinics

Gynecology | Minor Surgery | Nutrition

“When I walk into this clinic, I can feel the difference. A sense of love and togetherness you cannot get in other places. Your staff makes me feel like a real person. I feel loved. I just want to say thank you.”

- Patient Testimony

ORGANIZATIONAL EFFICIENCY

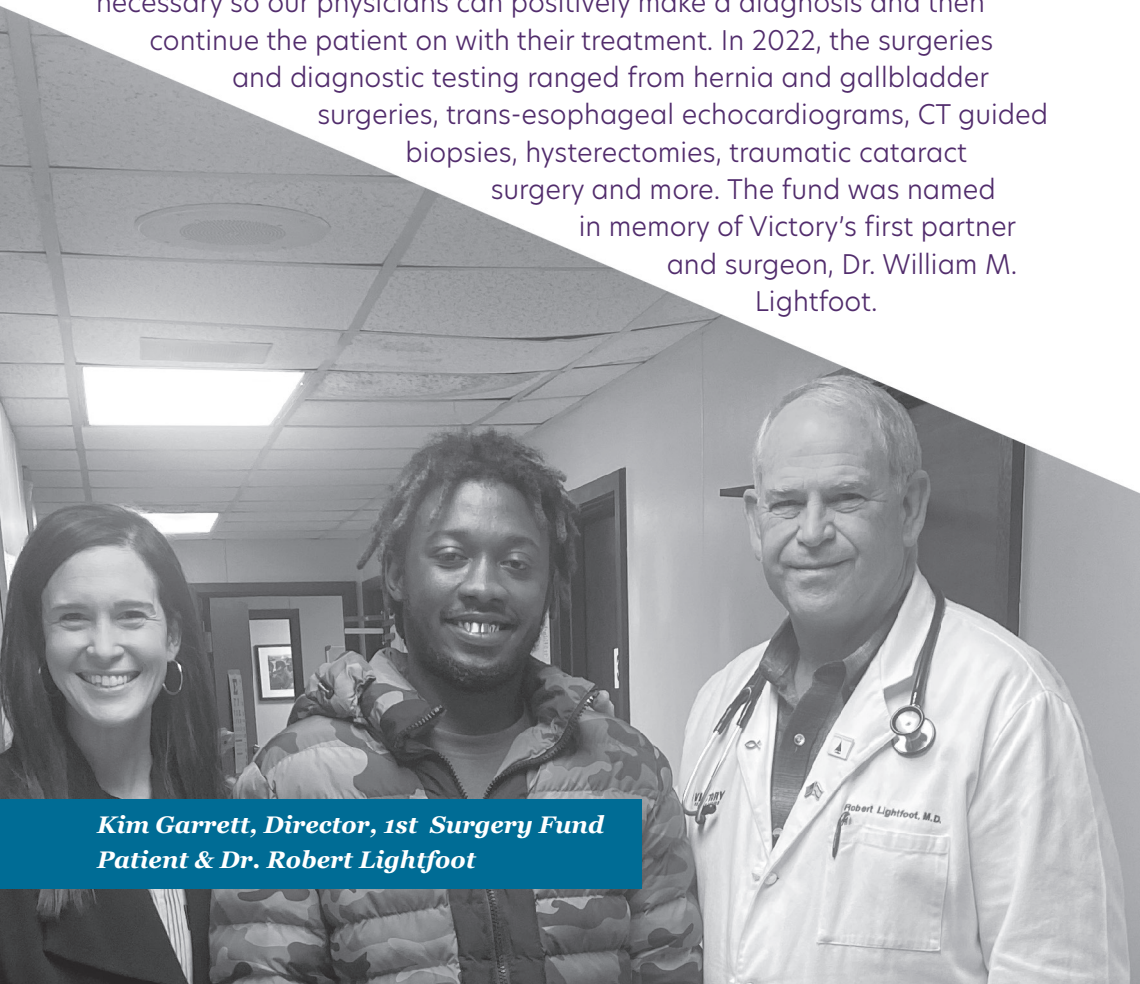

Every encounter provides the opportunity for a patient to experience the love of God through the healing of their bodies, mind, and hearts.

PROVIDING ACCESS TO SURGERY

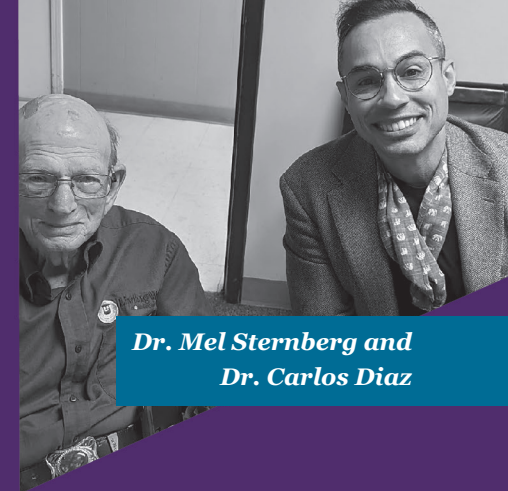

For our patients without health insurance, access to surgeries is either impossible due to cost or they incur great financial stress if the surgery is necessary because it has reached an emergency state. Either situation devastates a patient and contributes to worse physical and emotional outcomes, shortened life-span, and impacts their family and our entire community. Surgeries are not the only critical need met through the Surgery Fund, but also diagnosis confirming tests and procedures done within the hospital. These tests usually are to determine a cancer or serious diagnosis are higher in cost, but are necessary so our physicians can positively make a diagnosis and then continue the patient on with their treatment. In 2022, the surgeries and diagnostic testing ranged from hernia and gallbladder surgeries, trans-esophageal echocardiograms, CT guided biopsies, hysterectomies, traumatic cataract surgery and more. The fund was named in memory of Victory's first partner and surgeon, Dr. William M. Lightfoot.

Kim Garrett, Director, 1st Surgery Fund Patient & Dr. Robert Lightfoot

CRITICAL ACCESS TO PSYCHIATRIC CARE

With access to affordable and quality mental healthcare being one of the top needs identified within our community and nation, a significant partnership in 2022 was when Dr. Carlos Diaz joined Victory to provide psychiatric care to patients for no cost. With this new resource, Victory Health physicians are able to collaborate and consult with Dr. Diaz as needed. Victory Health now offers a clinic once per month on Saturdays for patients needing psychiatric care.

Dr. Mel Sternberg and Dr. Carlos Diaz

HEALTHY EMPLOYEES ARE THE BEST ASSET FOR A HEALTHY WORKFORCE

We know not every company can offer health insurance coverage; not every employee can afford to take health insurance offered by their company, and some employees don't qualify for their company's coverage. We also know a healthy workforce impacts a company and is vital to the workplace. Health is a state of complete physical, mental and social well being. Employees need to be healthy to feel good. Only then will they perform their best and also encourage others around them. The easiest way to encourage employee health is for a company to introduce health initiatives.

In 2022, Victory Health developed an Employee Healthcare Resource packet that made it easy for companies to introduce a healthcare option for their workforce who are uninsured.

Companies like Piggly Wiggly, Greers, and Goodwill Gulf Coast, along with many others, utilized the packet during the on-boarding process of new employees and made it available to current employees. This allowed the employee to have access to a full spectrum of compassionate, affordable and comprehensive healthcare at Victory Health.

PATIENT ASSISTANCE PROGRAM: PROVISION OF FREE PRESCRIPTION MEDICATIONS

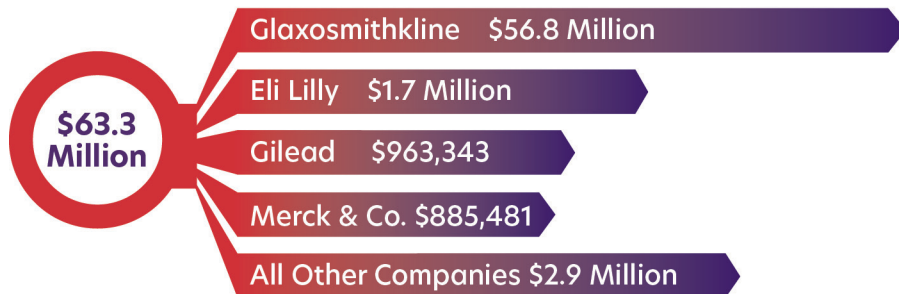

The Dispensary Program enables Victory patients receive all or most of their medications at no charge. Due to the arduous process of enrollment into the pharmaceutical companies' patient assistance programs, we enroll our patients into these programs on their behalf.

One example is the provision of medication and laboratory work for patients who test positive for Hepatitis C. The 300 patients who have completed the treatment have all been cured of their Hepatitis C. The cost of the medication and treatment is over \$70,000 per patient. The patients receiving this care have no cost for their medication.

In total for 2022, Victory provided **over \$63.3 million worth of free medication** to patients through our Medication Assistance Program. This is significant as **1 in 4 uninsured adults could not afford filling a drug prescription** this past year and the same proportion went without recommended tests or treatment due to cost.

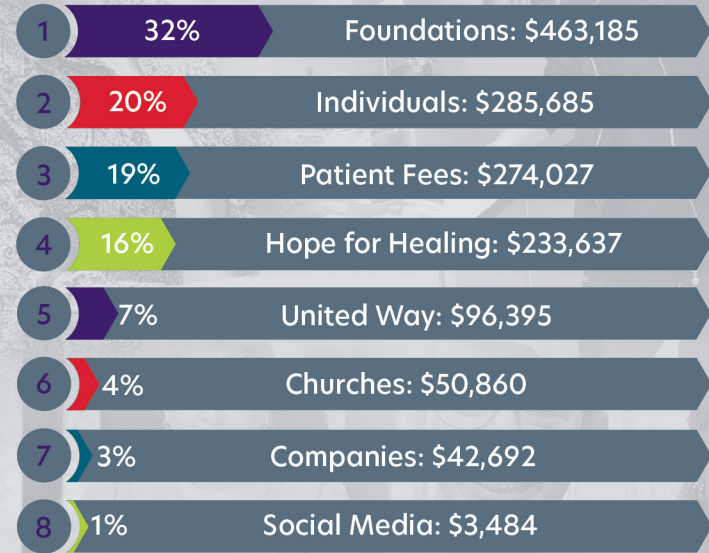

Victory orders medication from over 25 pharmaceutical companies' patient assistant programs. The companies below highlight the programs Victory has been able to secure the highest volume of medications for our patients.

Total Cost of Prescriptions Provided at \$0 Cost to Victory Patients

OUR PARTNERSHIPS MAKE A FULL CONTINUUM OF CARE POSSIBLE

2022 Income by Source

TOTAL INCOME:
\$1,449,965

“I truly believe that we have the most intelligent, hardworking, dedicated, yet humble team I have ever known in my professional career. Everyone is very quick to lend support and guidance not only to our patients but also to all other team members with all respect and reverence. This is only surpassed by their solid work ethics. I am always impressed by their compassionate care and empathy for our patients and families.”

- Victory Health Partner Provider, Dr. Philip Almalouf,
Pulmonologist, USA University Hospital

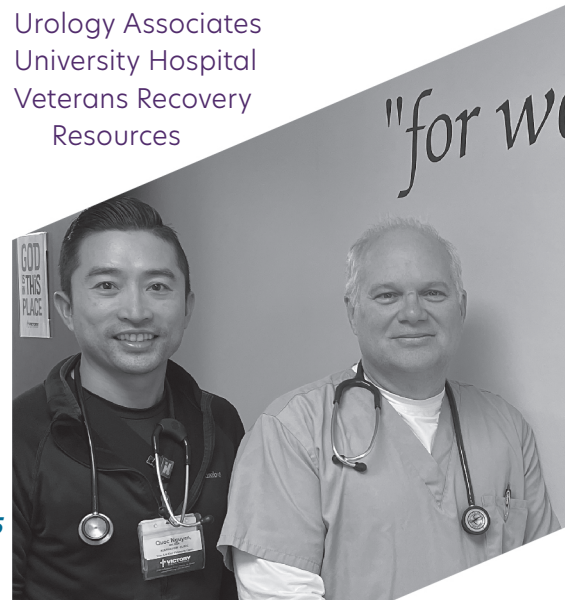

“I volunteer at Victory because I know it is what we are called to do. The faith and joyfulness of the patients and staff of Victory Health is truly inspiring. It is so great to help others in need and it is what we are called by God to do. It is truly an awesome way to give back to our community.”

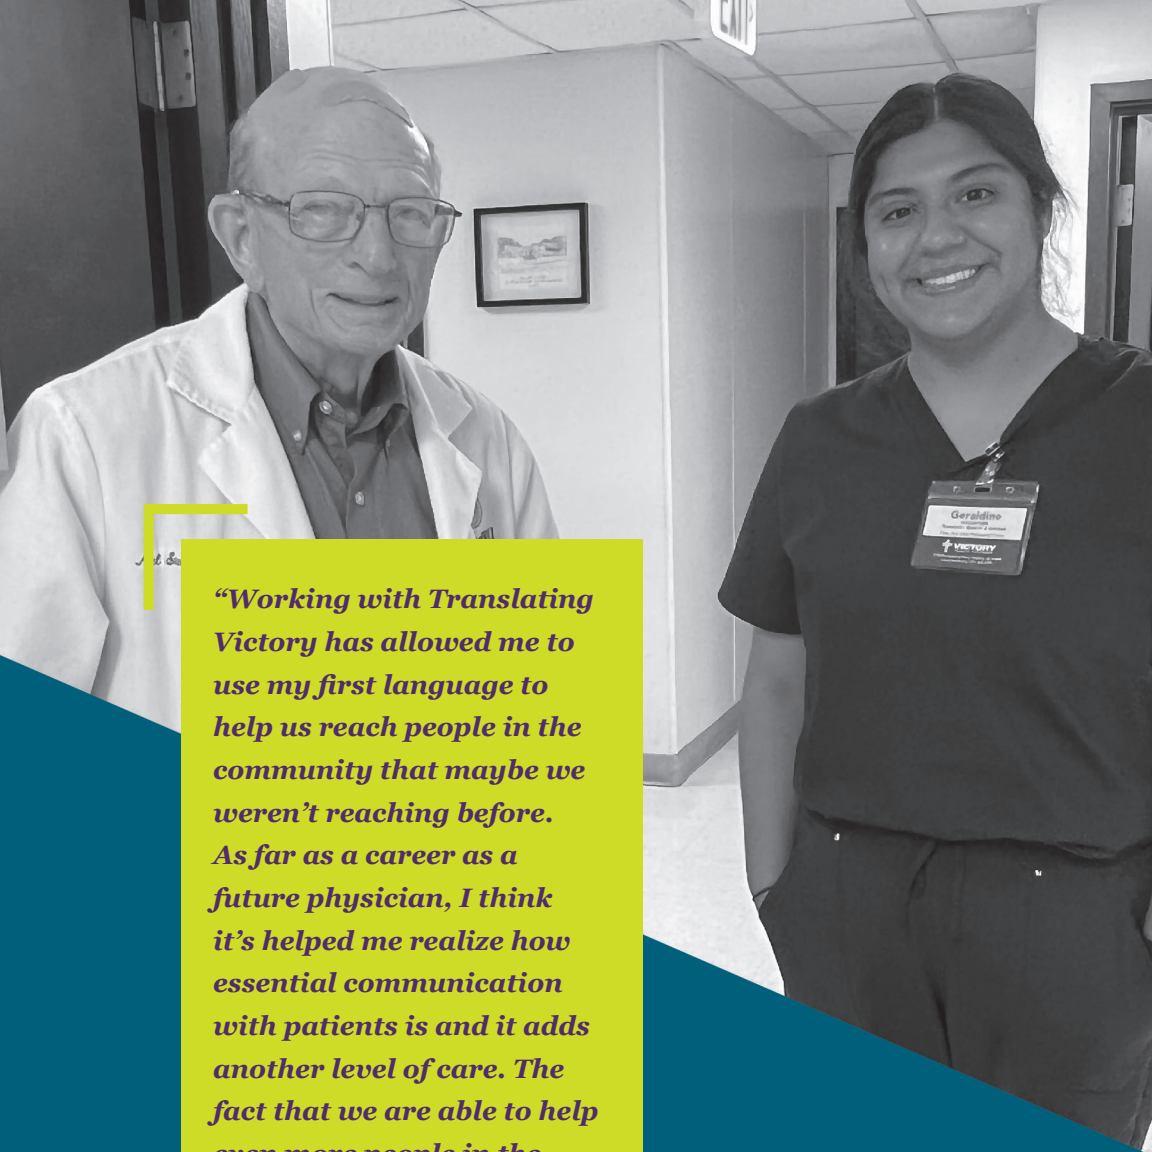

**- Dr. Joseph Willis,
Willis Family Dentistry**

OUR MEDICAL PARTNERS

Partnerships are critical to meeting the complete, medical needs of Victory's patients. Victory has over 160 referring specialists who examine and treat our patients within their own practices.

“Working with Translating Victory has allowed me to use my first language to help us reach people in the community that maybe we weren’t reaching before. As far as a career as a future physician, I think it’s helped me realize how essential communication with patients is and it adds another level of care. The fact that we are able to help even more people in the community is remarkable.”

- Geraldine Gomez, USA Pre-Med student, a member of AED, and a Spanish-speaking Translating Victory volunteer

THE NEXT GENERATION: BREAKING DOWN BARRIERS

The Alabama Zeta Chapter of AED at the University of South Alabama has partnered with Victory Health Partners and has provided triage volunteers for the clinic for several years. In 2022, Victory AED volunteers noticed there were a number of patients who do not speak English as their first language and at times created a barrier between patients and their providers. In order to break down this barrier and extend medical care to a wider range of individuals, AED coordinated with their bilingual pre-health students to create a group that would be able to translate for patients during clinic visits. This has helped patients to become more comfortable in the clinic and has allowed Victory to see patients that otherwise could not have been assisted.

VOLUNTEERS WITH PURPOSE

The 40,000 volunteer hours represent time filled with intentional moments of care and compassion transforming the lives of our patients. Every task, from answering the phones, sorting medications, to triaging a patient has purpose and assist Victory in restoring the lives' of each patient who walks through our doors.

Pre-med students gain patient care hours and experience within a medical clinic environment. Our student volunteers interact with our medical staff, have opportunities to shadow, learn medical terminology and experience real life moments with patients. Our volunteers are diverse and range for all ages and all levels of experience.

Stacy Clements
*Nursing Instructor,
Spring Hill College
and volunteer at
Victory Health*

PARTNERSHIPS IN HEALTHY LIVING

Stacy Clements is a recently retired Chief nurse and Army Nurse Corps officer, a full-time nursing instructor at Spring Hill College in Mobile, Alabama, a Doctorate of Nursing Practice (DNP) student at Samford University, and a volunteer at Victory Health Partners. During her volunteer shifts, she noticed that the patients who suffered from two or more chronic

disease or conditions at the same time were also among the population at greatest risk for depression. Through a program at Victory Health, Stacy and her colleague are creating solutions for patients to integrate manageable exercises and nutrition into their everyday lives. With additional resources and funding, the possibilities of what Victory Health can accomplish along the Gulf Coast region are endless. We have the opportunity to change lives and impact future generations to come within the community through the promotion of proper nutrition and exercise.

“Our goal is to create, develop, and implement a sustainable program to track the progression of patients who voluntarily participate, and track outcomes. Victory Health has earned the trust of the community, with the sole intent of providing quality care with dignity and respect to all. They have established a reputation for providing exceptional patient care which transcends cultural barriers.”

- Stacy Clements

PARTNERS OF HOPE AND HEALING THE LIVING STONES SOCIETY

As we reflect on 2022, Victory can clearly see the lasting impact the generosity and compassion from our dedicated donors have made within the lives of thousands of the patients we are privileged to serve. The collective impact of when healing and hope are combined creates an outcome of our patients' lives being restored, transformed and saved. Because of our partners, a critically ill patient had access to a specialist who provided life-saving care, a patient took a deep breath as a result of our Smoking Cessation clinic, a diabetic received their insulin for no additional cost, and a listening ear was given to a patient battling depression. Patients experience the hope from the Ultimate Healer in a medical practice that cares for their physical, emotional and spiritual needs in a dignified manner. We thank you for the lasting difference you have made within the lives of the 40,000 patients Victory has encountered.
