The Learning Curve Daycare Center

Address : 60 Connolly Parkway
Building 18
Hamden CT 06518

Where the talented are cultivated

abcde

The Learning Curve is a daycare with a child-centered classrooms created for responsiveness to the children's needs where they are likely to flourish. A child-centered classroom differs from a teacher-directed in the materials, questions, and activities introduced by the teacher are open-ended.

There are many possible answers to questions and many ways of making something. The materials in the classrooms contain a variety of ideas and

When I send my daughter to The Learning Curve I can trust that they are getting quality education

uses. Children come to The Learning Curve Daycare center with myriad interests and questions, and tremendous energy for learning. The director provides an environment which nurtures this natural energy. Careful listening and observation enables the director to stretch and develop the concepts and thinking of the children.

FULL DAY AND HALF DAY PROGRAMS AVAILABLE

The key to The Learning Curve curriculum are the directors who believe in the strength and variety of children's self-initiated learning.
