Who may use the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form:

- Parents or legal guardians who are requesting a religious exemption to immunizations or examinations **must** use this form for students entering kindergarten, sixth, or ninth grades.
- A separate form must be used for **each child** with a religious exemption enrolled to enter any public, charter, private or parochial preschool, kindergarten, elementary or secondary school.
- This form may not be used for exemptions from immunizations and/or examination for personal or philosophical reasons. Illinois law does not allow for such exemptions. (See excerpts below from Public Act 099-0249 enacted August 3, 2015 at page bottom.)

When use of this form becomes required: October 16, 2015

How to complete the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form:

- Complete the Parent/Guardian sections, which include key information about the student and the school the student will be entering, and the immunizations or examinations for which religious exemption is being requested. Provide a statement of religious belief(s) **for each vaccination/examination requested**.
- The form must be signed by the child's parent or legal guardian **AND** the child's health care provider* **responsible for performing the child's health examination**.
- Submit the completed form to local school authority on or before October 15th of the school year, or by an earlier enrollment date established by a school district.

Religious Exemption from Immunizations and/or Examination Form Process:

- The local school authority is responsible for determining whether the information supplied on the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form constitutes a valid religious objection.
- The local school authority shall inform the parent or legal guardian, at the time that the exemption is presented, of exclusion procedures, should there be an outbreak of one or more diseases from which the student is not protected, in accordance with the Illinois Department of Public Health (IDPH) rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690).
- Exempting a child from health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Section 27-5 through 27-7 of the Illinois School Code [105 ILCS 5/27-5 through 105 ILCS 5/27-7]. A separate request for exemption from physical education, if desired, would need to be presented.

Excerpt from Public Act 099-0249 enacted August 3, 2015:

Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, or to immunizations or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations or immunizations if the parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations and/or examinations to which they object. The grounds for objection must set forth the specific religious belief(s) that conflict with the examination, immunization, or other medical intervention. The certificate will be signed by the parent or legal guardian to confirm their awareness of the school's exclusion policies in the case of a vaccine preventable disease outbreak or exposure. The certificate must also be signed by the child's health care provider responsible for performing the child's examination for entry into kindergarten, sixth or ninth grade. This signature affirms that the provider educated the parent or legal guardian about the benefits of immunization and the health risks to the student and to the community from the communicable diseases for which immunization is required in Illinois.

The religious objection provided need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screening or dental examinations will not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection.

The local school authority shall inform the parent or legal guardian of exclusion procedures in accordance with IDPH's rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690) at the time the objection is presented.

Religious Exemption Notice:

No student is required to have an immunization/examination that is contrary to the religious beliefs of his/her parent or legal guardian. However, not following vaccination recommendations may endanger the health or life of the unvaccinated student, others with whom they come in contact, and individuals in the community. In a disease outbreak, or after exposure to any of the diseases for which immunization is required, schools may exclude children who are not vaccinated in order to protect all students.
