DOGECOIN NODE WEBSITE FUNDAMENTALS

1. 200,000 DHS

The Doge mining node website offers a contract for 200,000 DHS, for an entire year.

This capacity should be consumed within the 365-days contract period.

2. \$16,000/Day

With the capacity of 200,000 DHS, miners can mine up to 200,000 Doge in a day, equivalent to approximately 16,000 USD per day.

3. 1,000 Devices/Day

The website allows a maximum of 1,000 mining devices and accounts to be connected at a time.

4: 20% Profit

Miners can deposit to increase their mining speed (DHS). For every deposit, the website owner receives a 20% profit.

NODE WEBSITE OWNERS' PROFIT

20% PROFIT MARGIN

01

DIREST SCENARIO

Assuming there are only 100 miners with an average of 200DHS per month, the total would be 20,000 DHS.

The website owner's 20% commission would be 4,000 DHS, requiring 80,000 Doge (equivalent to 6,400 USD) for the website owner. In a year: 6,400 USD x 12 months = 76,800 USD as annual revenue.

PROFIT: \$76,800/ YEAR

STANDARD CASE SCENARIO

Assuming there are 250 miners with an average of 500 DHS per month, the total would be 125,000 DHS.

The 20% commission would be 25,000 DHS, requiring 500,000 Doge (equivalent to 40,000 USD) for the website owner.

In a year: 40,000 USD x 12 months = 480,000 USD as annual revenue.

PROFIT: \$480,000/ YEAR

02

03

MOST PROFITABLE SCENARIO

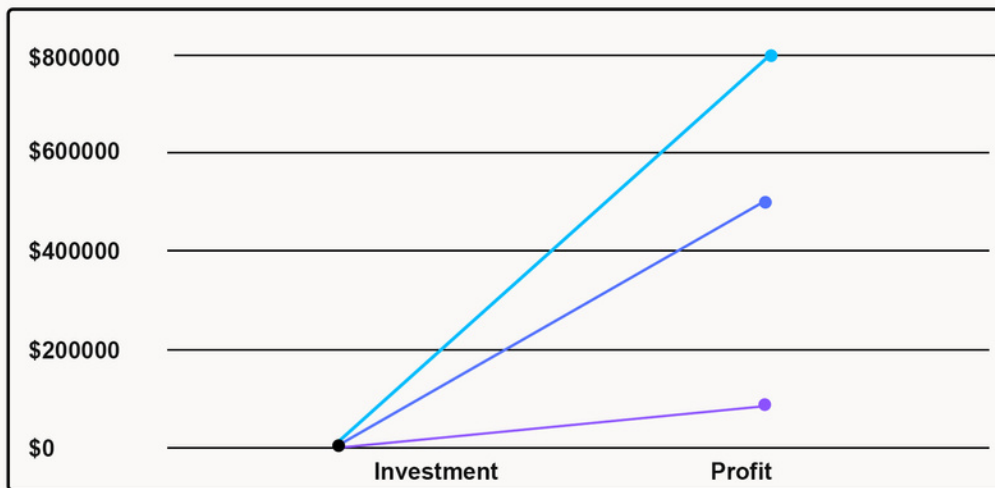

Assuming there are 1,000 miners with 200 DHS per month, the total is 200,000 DHS.

The 20% commission would be 40,000 DHS, requiring 800,000 Doge (equivalent to 64,000 USD) for the website owner. In a year: 64,000 USD x 12 months = 768,000 USD as annual revenue.

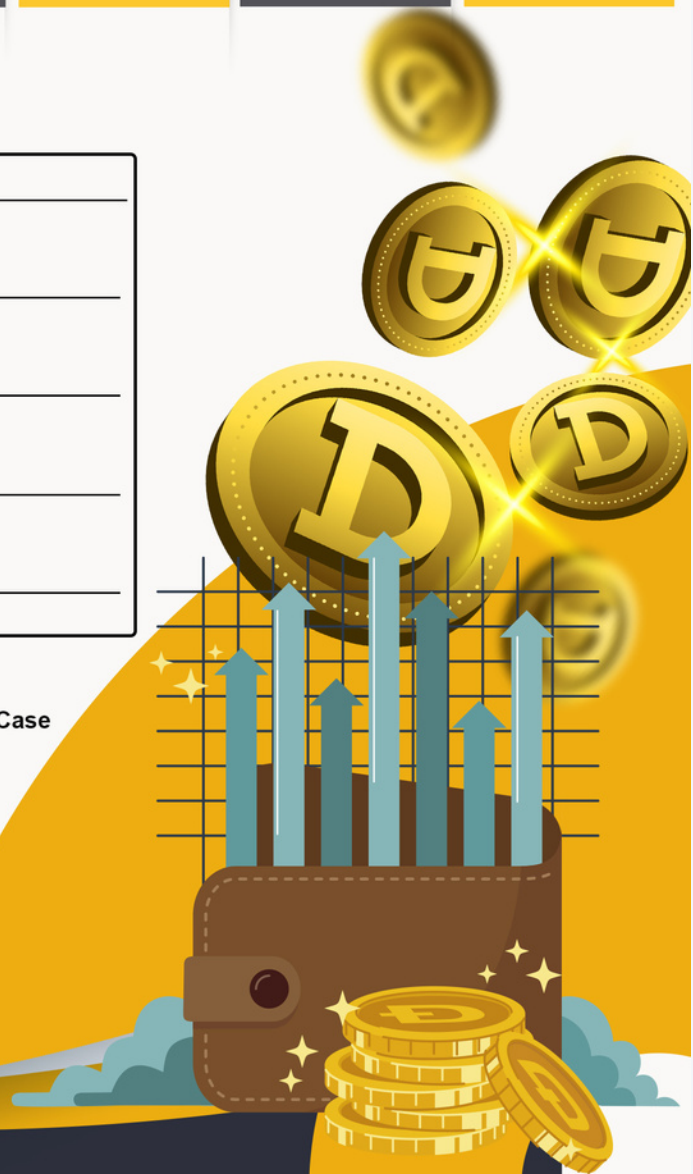

PROFIT: \$768,000/ YEAR

Lots of people I talked to on the production lines at Tesla or building rockets at SpaceX own Doge. They aren't financial experts or Silicon Valley technologists. That's why I decided to support Doge – it felt like the people's crypto.
