In the "Book" tab, the user can select what venue type that should be displayed

- Golf courses
- Simulators
- Driving ranges
- Pros

The app shows the closest venue based on location per default. The user can also search for specific venues and locations either in list view or by map.

The heart icon at the top right will show the user's saved favorites.

Tee sheet

When the user wishes to book a tee time, the tee sheet appears and shows the closest tee time possible.

If the user wishes to book a tee time for another date, the user can click on the calendar button "Today Monday..." to display the calendar.

The user can also navigate days using the arrows left and right.
