Hello NRB Members,

I would like to start by thanking the committee for granting me a leave of absence in March so that I could attend with the effects of the floods, just like many others, hopefully the worst is behind us all and the future is looking better.

This year has been very challenging but things are progressing although some are slow.

The shed extension application is still pending.

The range entrance looks great the gutters and down pipes are finished at the Purcell range.

The committee has requested quotes for a couple of projects including a roof over the storage containers.

A roof over the toilet block which will include the ramp at the rifle shed.

We are also investigating the lifting and restumping of the club house.

There has been racking placed in the storage containers to tidy up and get smaller items off the floor and ramps have been purchased to reduce the lifting required to store the clay launchers.

New target boards have been ordered and are on the way.

The committee has formalized a process for any member wishing to add collectors to their license the required form can be supplied on request.

The feral deer program team are still using our range for training with very positive feedback.
