Hello all pistol licence holders

The FAR has introduced an online PTA application process, As part of this process all applicants must have a COPS event number, this is going to holdup any application if you do not have an event number. If you have had an inspection but do not have your number you can go to your local police station and request it, I.D. is required and an approximate date would probably help. This process is not painfull at all.

If you have never had an inspection you will need to request it from your local police station This is not a quick process so book early and be prepared to wait. Once your application is received it is forwarded on to the club for confirmation. The club checks your details and replies to FAR for processing. Keep in mind the applicant is only identified by your firearms licence number no names.

You will need to notify myself by text or email with Range pass number, member number and discipline you intent to use this firearm for your PTA to be processed. If I can't identify you then nothing will proceed.

Any further question will try to be answered.

Ian Wills
