

botox & injectable fillers

botox \$13.50 / unit

BOTOX® Cosmetic is a natural purified protein injected into the facial muscles of forehead lines, frown lines and crows feet. the wrinkles are softened giving you a more youthful appearance.

juvederm \$650 / syringe

juvederm has come to be known as "instant wrinkle removers" because their placement is a quick, in-office procedure with immediate results. after injection into the skin, they will dissolve naturally over time. most clients choose to have a touch-up done within 6 months to one-year of the original treatment. results aren't just instant, they're so smooth and natural, everyone will notice but no one will know! ***requires pre-payment of 1 syringe**

total facial refresh treatment \$1000

1 syringe of juvederm + 30 units of botox

vampire treatments

vampire treatments are facial rejuvenation treatments that utilize your own PRP (platelet rich plasma) from a blood draw and HA filler to rejuvenate the skin. PRP contains 10 growth factors that actually tell the body to sent uni-potent stem cells to the site of injection to produce new skin growth! ultimate results last up to 15 months. ***requires pre-payment***

vampire facelift \$1000

8-10 PRP syringes + 1 juvederm syringe

vampire facelift + 30 units botox \$1400

vampire facelift + 2nd juvederm syringe \$1600
