

The history and future of the Helena-area Indian community is important! That's why we are working with the Montana Historical Society Outreach and Education Program and the Montana History Portal to preserve and share our history.

Do you have photographs of community or family gatherings, fliers advertising community events, or other pieces of history that you are willing to share with the wider community?

Join us on Sat., Apr. 27, at the Helena Indian Alliance, where Montana Historical Society staff will be available to scan your photos or documents. They will give you a flash drive with the scans and ask your permission to post the images on the [Montana History Portal](#), a free online hub for Montana cultural institutions to share their collections with the public.

Want to participate?

- Bring around 5 items to be scanned (no more than 10) between 10 a.m. and noon.
 - Material should be flat and smaller than 8.5x11 inches so they fit on the scanner.
 - These items can be old, but they don't have to be! The recent past will be history soon, so let's preserve it now!
- Share the stories behind these items (photos, letters, fliers, etc.) and get them scanned.
- Stay for the feed!
