

WHY CHOOSE US

Alabama Newest Homeschool with added Hybrid opportunities. Most homeschool online programs provide the parent with the coursework and curriculum; however, there is no assistance with ensuring that the student is successful academically.

At Reformation Academy your child will have access to teachers throughout the week if needed, and afforded the opportunity to come to the campus and receive assistance with coursework and navigation. This is called the *Hybrid Model*

Additionally, with most homeschools students have to forfeit the thought of participation in extra curricular activities, sports, and other clubs. However, at Reformation Academy students will have the opportunity to participate in a variety of activities, sports, and clubs/organizations.

OUR PROGRAM

Reformation Academy will use the Accellus curriculum. Accellus combines video-based lessons with cutting-edge technology to accelerate learning. Power Homeschool is an online course provider which intends to provide curriculum and lessons to parents homeschooling their children. The courses offered are the same as those provided to and utilized by public schools throughout the country.

It is the policy of Reformation Academy not to discriminate in violation of the law based on race, sex, color, religion, national origin, ancestry, or disability which is unrelated to the ability to enjoy the benefits of Reformaton Academy's programs or services.
