What We Do
&
Who We Are

The Daisy Papp Mindset Evolution Foundation

aims to preserve and promote endangered human values. We work locally, nationwide, and internationally in 97 countries, emphasizing the importance of building strong families, communities and societies. We support all stages of human development, from pre-birth to later adulthood, with a focus on promoting human values at each stage.

What We Do and How We Go About It

We are on a mission to empower and guide all humans towards a healthier and more balanced way of living. With the appropriate guidance and support, individuals can overcome traumas embedded within their bodies and minds. By addressing the root causes of imbalance and social conditioning, we aim to create a ripple effect of positive change that will transform society as a whole. Our goal is to provide enriching materials and programs that promote key human values, fostering a society built on empathy, love, acceptance, unity, support, and compassion. We invite you to join us in this transformative journey and contribute to the healing of our world.
