# Crypto meets LOVE?

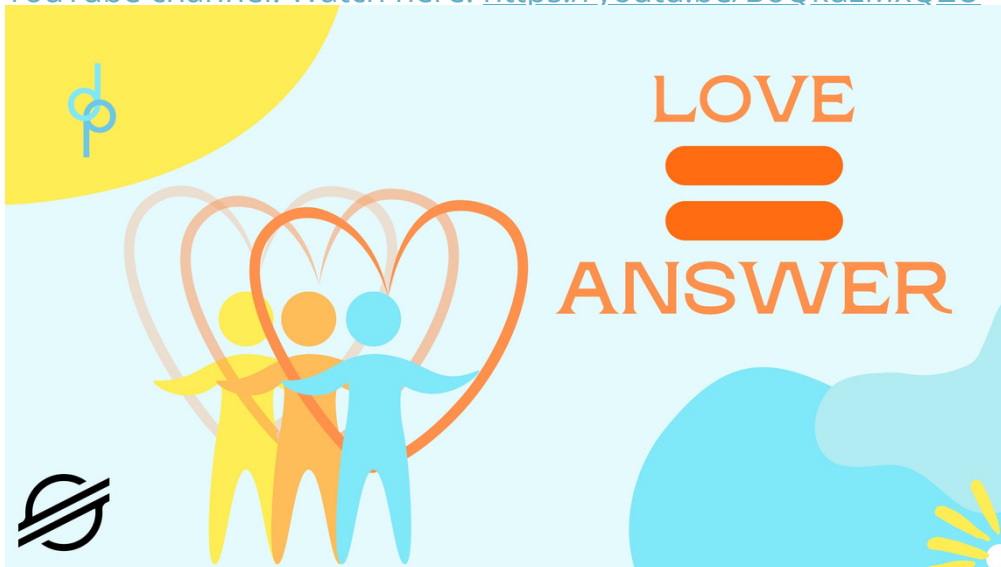

## From Homo Sapiens to Homo Humanus?

Crypto communities around the world appear to be very interested in human values. One Crypto community recently initiated a contest where humans from all over were invited to present their vision of a project of a better world for humanity. Some speakers focused their presentations on local issues. We consider this very caring and lovely.

The **Daisy Papp Mindset Evolution Foundation** entered this contest speaking on *Love is the answer; no matter the question*. The StellarRussia's Contest Humanitarian Project Presentations are competing for vote for 1 of 3 top prizes. We already know how we will use the Crypto prize to serve humanity the best and in the most efficient way possible based on our standard of integrity and values.

We were allowed to record the live presentation to **52 thousand** humans on our end and we have uploaded the video on Daisy's YouTube channel. Watch here: <https://youtu.be/BoQkuzMxQZU>

## Highschool ... we are coming!

The school system, as we know it, seems to be falling apart. Albert Schweitzer once said: "Eventually all things fall into place. Until then, laugh at the confusion, live for the moments, and know EVERYTHING HAPPENS FOR A REASON."

We feel it is a very urgent matter to stop bullying in and outside schools. Humans from around the world are reporting the increase of bullying, the lack of sense and common sense alike.

As the *Daisy Papp Mindset Evolution* is committed to also serve the young members of the one human family we start soon. After summer break the planned collaboration begins with a local highschool. We support the school and their leadership program by offering knowledge to be acquired, so tolerance and respect can grow and flourish naturally.

## It was not a sprint. This was a marathon!

Starting in 2021, the year before the foundation was established, Daisy started the translation process of her best-selling book *The Island Model - Homo Sapiens Isolatus* into Spanish.

Due to lack of funding the process took much longer than anticipated. A generous donor took the translation to heart and donated the final steps of the translation and proof reading as well. Formatting and publishing was completed last week and we are humbly proud to announce: The book in Spanish is now available on the [daisypapp.com](https://daisypapp.com) website here as a PDF download, or as a paperback on Amazon, and on Kindle as well. # telegram<sup>®</sup>...

## Hungarian INVERSE Group - active on telegram<sup>™</sup> messenger

3 telegram<sup>™</sup> chat groups have been created for users of INVERSE. Membership in the telegram<sup>™</sup> groups are free of charge, so is the mobile app, and desktop version of INVERSE found on [daisypapp.com](https://daisypapp.com)

The Hungarian Group is active and growing. We started with weekly Zoom meetings and now meet once a month to exchange experiences, practice INVERSE, and hold Q&A.

We are generating interest in German and English speaking communities to empower humans through transforming blocks and challenges, so they can be(come) free of all that is holding them back from evolving into the best they can be.

It is easy to join. Click on the flag of your language below:

The Foundation's initiative ***Together We Are Strong*** also has a telegram channel that unites humans who support our work that strives to stop the old adage of *Divide and Conquer*. You can join us here: <https://t.me/HumanismGlobal>
