We met humans from many cultures

-We were invited to Vienna, Austria to support healthy non-political communication and connection amongst citizens of Ukraine, Russia, Germany, Austria, Hungary, and Switzerland

-We met with a group of world-class athletes that support the youth and are keen to integrate *The Island Model* into their programs

-We held lectures about *The Island Model* and also touched on some basic points of *The Formula for Finding True Love*

-We traveled to Spain for a weeklong brainstorm to find solutions for reawakening, restoring, and supporting human values and worth to empower societies that care

-We introduced the **INVERSE** - *The Universe Within* app and helped a group of women suffering from past trauma

-We met with journalists from many European countries discussing solutions to bring peace to all Europeans, especially during time of crisis and war

-The artwork ***Together We Are Strong*** is in the making

In the meantime...

We offer much wisdom and scientific findings in the weekly episodes of ***Bald and Blonde Mindset Evolution Podcast***.

We seek support in translating our books, website content, transcripts, worksheets, and presentations into more languages, so humans who don't speak and/or understand English can access knowledge we offer for free.

We remain passionate and committed to our vision and mission. Please, share and spread the word about our foundation's work. The podcast ***Bald and Blonde*** alone made it into 74 countries solely through word-of-mouth. Imagine how our impact will grow when we have funding for marketing and printing, national travel costs to conduct workshops and lectures for free. Envision the workshops and lectures being interpreted into Spanish, so the Spanish speaking communities can also gain access to our work.

We trust our message reaches you. You matter. You can make a difference.

When you know our founder, Daisy, in person you will know what she stands for. If you know someone who knows and/or has worked with Daisy directly, you will indirectly know what she stands for.

If you want to learn more about how we can support and empower you, your audience, community, school, team, firm, company, etc. feel free to reach out.
