Californian lawyer tortured in Lower Saxony prison**

6. Dezember 2024

Dear Minister of Justice Dr. Kathrin Wahlmann, dear State Secretary Thomas Smollich,

Please allow me to draw your attention to the official letter to the US President-elect, President Donald Trump, which was personally delivered on November 21, 2024.

This is an extremely serious case of miscarriage of justice and abuse of justice, including torture, in the case of Dr. Reiner Füllmich, which is unspeakably shocking.

As we received a letter of reply from the Federal Ministry of Justice today, which states that according to the provisions of the Basic Law, the expression of the structure of the federal state system, the courts involved in the administration of justice - apart from exceptions not to be considered here - perform the tasks of the federal states. As the Federal Ministry of Justice, BMJ, does not exercise any supervision over the judicial authorities of your federal state of Lower Saxony and their employees, the powers lie with the Ministry of Justice of Lower Saxony.

It is your responsibility and duty, Minister of Justice Wahlmann and State Secretary Smollich, to act directly as the supreme supervisory authority. It is your responsibility to take immediate action in this highly disgraceful case.

We would be pleased to send you detailed facts concerning the case, which clearly demonstrate the political nature of these proceedings and which need to be reviewed as a matter of urgency. This will make this case and the charges disappear into thin air.

Political prisoners, even in the state of Lower Saxony, are a painful thorn. This thorn should be removed as quickly as possible.

We warmly congratulate you on your office and are happy to support you in bringing this case to a successful conclusion by releasing Dr. Reiner Fuellmich immediately and unconditionally. Please have someone from your office contact us to finally resolve this matter.

Yours sincerely,

Founder, CEO/President of Daisy Papp Mindset Evolution Foundation
