Subject: Acknowledging the importance and Preserving the Invaluable and Precious Nature of Human Values

Dear Representative Gimenez,

I write to express my gratitude for your commitment to making the State of Florida and our communities a better place for all residents. Thank you for all your efforts.

See attached a letter that I sent to the Secretary-General of the United Nations.

**"When humane humans are decision makers, then
humane decisions will be made."**

I truly believe that there is an urgent need to focus on human values and promote humanness. When we promote human values, our communities can be strong, loving, just, and caring.

We at the *Daisy Papp Mindset Evolution Foundation* have excellent solutions and are ready to share them with you and support you in your responsibility to promote much needed human values in our community. Thank you for your attention.

Yours sincerely,
Daisy Papp,
