**Subject: Scandal in German Justice - Californian Attorney tortured in German Prison**

November 19th 2024

Dear President Trump,

Please let me bring to your attention an enormously serious case of miscarriage of justice and its abuse including torture.

My name is Daisy Papp, and I am presenting to you the case of Dr. Reiner Fuellmich, an attorney at law in the state of California and in Germany.

As an internationally recognized and globally respected advocate, always committed to humanity and justice, Dr. Fuellmich has educated millions of people worldwide. Dr. Fuellmich is loved and respected for his honesty, integrity and tireless research into the causes of the global Covid-19 pandemic. In more than 400 interviews with experts from various fields, his co-founded *Corona Investigative Committee* and the live broadcasts of his **ICIC International Crimes Investigative Committee**, Dr. Fuellmich has shed light on the serious crimes against humanity.

After speaking out about the crimes against humanity, Dr. Fuellmich has been unlawfully held in pre-trial detention in the German high-security prison in Rosdorf for 14 months after being kidnapped from Mexico and deported to Germany against his will, without an extradition order and in violation of his human rights. Dr. Fuellmich has even been held in solitary confinement and is subjected to severe abuse, including torture, on a daily basis.

I kindly ask you to read the detailed outline and background of Dr. Fuellmich's case, attached to this letter.

Dr. Fuellmich is an innocent man who is being denied a fair and just hearing.

He must be released immediately and unconditionally.

I am sure that Robert F. Kennedy Jr., who is friends with Dr. Reiner Fuellmich, can attest that Dr. Fuellmich is a man of unwavering moral integrity, of great value to you and your Presidency.

Dr. Fuellmich must be freed now to continue serving humanity to the highest degree.

Thank you very much for your attention.

Yours sincerely,

A handwritten signature in blue ink that reads "Daisy Papp".
