

Fushia Design Newsletter - February 2022

Hi everyone

Well, we made it through another extraordinary year. With 2021 now a distant memory, we can see what new exciting challenges we face in 2022.

Bring it on!

What have Fushia Design been doing since we last spoke?

There's been staging and styling, expansions and vans!
Coffee and chats, whilst making plans
Articles published in an Oxfordshire mag
Whatever we do, it's never a drag
We even managed to travel abroad
After 2 years of madness, quite a reward
Let's see what the year ahead of us brings
More staging and styling, expansions, and things?

Something I loved about 2021, was the relationships I started to build. One of those was with my latest recruit, Julia.

Julia has proved to be worth her weight in gold, not only does she help me with the lifting and shifting, she also has a very good eye (don't tell her though, I might have competition!)

Another strong working relationship I have valued is with Natalie of Kai Carter Estates.

I had the pleasure of working with Natalie on a number of assignments. She is great fun to work with and has introduced me to some fabulous properties.

She works hard at marketing and likes her properties to go on the market with lifestyle staging (right up my street). Click on the link below to see more:

Then there's "Freddie Fushia", the new love of my life, I'm not sure how I ever managed without my newly wrapped van!

Thank you to Ian Lawry for making such a wonderful job, if you need his contact details, just shout.

Finally, I'm going to leave you with the stunning view I had for a week in

December.

Yes, I finally got to go abroad and relax on a beach in Egypt - I know, "it's alright for some!"

It really has been an exciting time for Fushia Design, I look forward to catching up with you all again soon.

Until next time,
Cheerio
Fiona

Have a great February everyone, not long until spring now.
