A Message from our TTIBC President

Temple Theological Institute and Bible College (TTIBC) is dedicated to the purpose of teaching Biblical Theology to equip men and woman with skills to become efficient in the field of labor that God has called and commissioned them. We believe everyone, regardless of his or her previous experience, should have an opportunity to receive a Biblical Education.

At TTIBC, students are taught that God has preserved His Word without error and that it should be preached throughout all nations for the purpose of salvation for all. Jesus said in Matthew 28:19-20, "Go ye there, and teach all Nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost, Teaching them to observe all things whatsoever I have commanded you, I am with you always even to the end of the World." An education from TTIBC will allow you to fulfill that command with knowledge and confidence.

Our goal and purpose at TTIBC, is to enlighten and instruct students in the Bible and Theological related studies. We are admonished according to II Timothy 2:15 to "Study to show thyself approved unto God, workman that needeth not to be ashamed, rightly dividing the Word of Truth." I have yet to see, Seminary graduates, who has applied themselves studiously, have difficulty in preparing a sermon or to speak on any given subject as relates to the Bible. The students of The Temple Theological Institute & Bible College, has become true Apologist, "Defenders of Faith."

For many years I thought that Seminary was a place where one went, to become a preacher or priest. In August of 2000, when I continued my Seminary education, in the first few weeks emphasis was placed on "receiving a degree". I thought that Seminary was a place to receive a degree. However, after a few years of staying up late hours in the night, going back and forth to libraries searching and researching for answers, I finally realized that Seminary is a place for learning. Edward L. Thorndike, a pioneer in studying learning, said, "*Seminary is a place for instruction, training, or development.*" I might add that the Seminary does not create preachers! Matthew 20:16 says, "For many are called, but few chosen." God calls men and women to preach the Gospel and Seminary offers the called person an opportunity to develop the gift that God has already given them. Seminary is also, designed for those that would like to drill down deep, at the thousand foot level, discovery treasure in God's word that they never captured before!

The faculty and staff at TTIBC, are excited about the many opportunities available to those who desire to learn. We look forward to serving your educational needs and having you as a student of the Temple Theological Institute and Bible College family.

Be blessed,
