MARKET ESTIMATION

In terms of market opportunity, the global security market is projected to grow significantly in the coming years.

According to a report by MarketsandMarkets, the global security market is expected to **reach USD 373.9 billion by 2027**, growing at a CAGR of **10.2%** from 2020 to 2027.

This represents a substantial market opportunity for a 2GI Inc. AI 360-degree Video recording and playback security device, particularly as organizations and individuals become increasingly concerned about security threats and invest in advanced security solutions.
