Changes & Collaborations

We are very excited about the changes to our Day Program this year! We have implemented a more engaging environment, smaller groups, more community outings, and more opportunities for our garden! After the pandemic, our goal was to provide our clients with new experiences so they can ultimately have a meaningful day every time they visit our Day Program.

Spring Meadow Resources also has endeavored into an exciting new collaboration with Lewis & Clark Brewery. Last year, we grew pumpkins and supplied them to the brewery for their Pumpkin Ale. This summer, we will be growing hops in our garden and providing them to Lewis & Clark Brewery for a brand new ale! We will keep you posted on this project.

Thank you for your interest and support of Spring Meadow Resources, and I am excited to keep you updated on what is happening with our programs.

Jam From Our Very Own Garden!

We were able to make jam from strawberries that we grew in our very own garden!

We're Growing Hops!

This summer, we are partnering with Lewis & Clark Brewery in providing hops grown in our garden for a new ale!

Employment

The History of Spring Meadow Resources

Spring Meadow Resources formerly known as Tri-County Developmental Disabilities was founded in 1975 and began providing services to individuals with developmental disabilities October 1, 1975. After realizing the growing need, Spring Meadow Resources broadened the scope of services to include supported living services, 7 group homes in Helena, 1 group home in Butte, and a Day Program for adults with disabilities. It's important to us in all of our programs that individuals have fun, engage in new learning opportunities, and have an overall positive experience.

THANK YOU!

Thank you to Montana Shed Center for donating two beautiful greenhouses to our program!
