ALEJAIREN

If you only like the best, and especially if you are keen to discover the unusual, this is the one for you:

Chosen best Spanish white wine several times, and highly awarded, this is an unusual Spanish Grand Cru.

Made by iconic Ribera del Duero's Pesquera, I can never forget how I came across it: the export director from Pesquera, called me to tell me he wanted to send me a bottle of their first ever white wine; my response was, thank you but no, Ribera's white wines are still unknown, and coming from Pesquera it will not be cheap.

His reply: dont worry, it is made in La Mancha it is not cheap, it is actually quite expensive. So I told him not to send it to me, but he did send it.

So I opened it at a dinner with sommeliers and wine merchants, we all were amazed: a white wine for people who dont like white wine.

That night on the taxi back home, I called to negotiate exclusivity and make the first order. Th export director told me he would not accept it as I may be a bit drunk, which I was. First thing the following day, I put it in writing.

This is a real jewel, aged in oak for over 2 years, it is one of the most amazing wines I have ever tried. Not for everyone, but amazing.

ABOUT US

I am Alfredo de fat guy on the right, founder of So Sexy Wines.

British of Spanish origin, I was certified as Sommelier in the UK, long ago, and my vision is to bring to Vietnam great value for money wines at all price levels.

My company is small, tiny in fact, and I want to stay like that so I can guarantee excellent service,

We don't have a shop or plan to open one to compete with restaurants. But we can deliver anywhere in HCMC, and fast!

We love flexibility, and we actively collaborate and help our Customers.

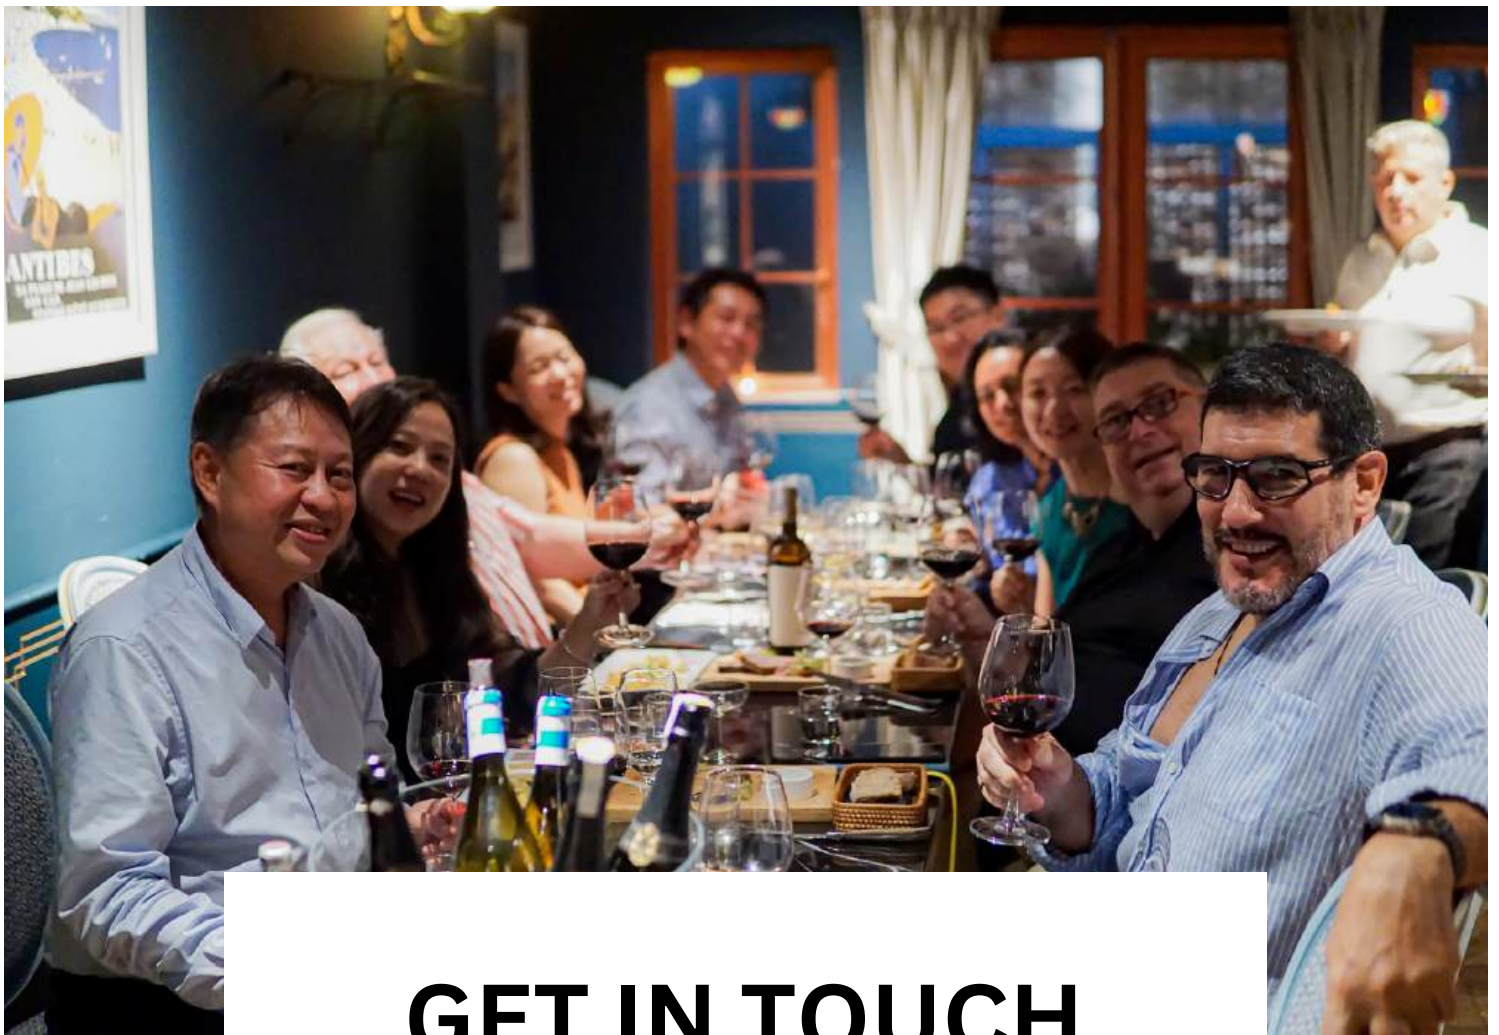

Most wines are natural, eco certified or not, always looking for minimum intervention and chemicals. Let's get a headache, if we must, because we are enjoying the wines too much, and not because they are filled with chemicals!

Most of our wines are rated 90 + points, gold medals,... not our criteria to choose them, simply they are great!
