

Disclaimer

At HE AQUATICS, we take the utmost care and attention when conducting our classes. Your safety is paramount. However, there is also a duty of care for each swimmer including parent and child or any other person(s) wishing to spectate (when restrictions are lifted).

Care and attention are required within the pool and surrounding areas as any body of water have obvious inherent risks including, and not limited to, drowning.

Neither HE AQUATICS, its employees nor instructors accept any responsibility for any death, injury, illness or loss suffered nor damage to any part of the swimming pool or centre, car park or any adjoining lands, buildings or boundaries caused by you, your child, or those in whose care you have placed your child, whether attending or observing HE AQUATICS sessions.

Whilst we give our utmost service to all our swimmers and work hard to give every swimmer our fullest attention, progression is not linear and not guaranteed.

We are happy to discuss any of our Terms and Conditions, Code of Conduct and this Disclaimer at your time of booking.
