

At REACH we aim for all of our students to be respectful, employable, aspirational, courageous and happy.

Our curriculum is enriching: with academic qualifications being complimented with vocational and experiential learning. REACH students will move onto POST 16 destinations prepared for a successful career.

Core subjects:

CIE iGCSE English
AQA English Literature
Edexcel entry level English
Edexcel Maths
Edexcel Functional Skills Maths
Edexcel Combined Science

Options subjects:

Edexcel Art, Craft and Design
AQA History
Pearson BTEC Tech Award PE
Eduqas Food Preparation and Nutrition
Eduqas Vocational Award Hospitality and Catering
AQA Geography
Eduqas Health and Social Care

Curriculum intent

All students also benefit from non-externally examined lessons in Life Skills, and in Year 11 Pathways and Skills for Life.

Year 10s participate in Work Related Learning one day a week: they work towards qualifications in Motor Vehicle, Landscaping, Bricklaying, Hair and Beauty and Childcare.

Assemblies and tutorials in Numeracy and Literacy, Diversity and Inclusion, Topics and Skills Builder lead into Reflection time at the end of the school day.

Active Citizenship is central to REACH and students will develop higher moral thinking, helping them to understand their emotional responses and develop and practice prosocial skills.
