ABOUT US

Impact Health and Safety was established in 2002 and has been under the present ownership since 2015

We provide fire safety equipment and fire protection systems to most industries in the Western Cape. Our sister company, Impact Safety Training Development Pty , provides fully accredited safety training to all industries.

Impact Health and Safety has grown by providing the highest quality service to a select number of customers.

Impact Health & Safety has an exclusive distribution agreement with MOBIAK S.A, one of the world's leading manufacturers and suppliers of fire fighting equipment. This makes us the leading supplier of internationally certified fire equipment in Southern Africa.
