

News from  Court Street United Methodist Church

## Been There Done That

Now that we know what we have—Jesus, this great High Priest with ready access to God—let's not let it slip through our fingers. We don't have a priest who is out of touch with our reality. *He's been through* weakness and testing, experienced it all—all but the sin. So, let's walk right up to him and get what he is so ready to give. Take the mercy, accept the help.

Hebrews 4:14-16, MSG

“Been There Done That” means to have experienced the topic under discussion. This phrase has its origin in the early 1970s, in the short form ‘been there’. Yes, Jesus came into our world and lived in our “skins” and suffered our sufferings without missing the mark (been there). Spurgeon put it this way; “God lived as man, as one of us, and understands our need for grace; He is not distant or detached from all the trials that we face.”

All of us need someone who knows our ways and the obstacles that propagate our ways. We also need someone who can do something about those obstacles and pitfalls. Our High Priest, Jesus Christ has *“been there done that”* and has all the rights and privileges as God. So, during this Lenten season let us get a grip on what God has made available to all of us through Jesus Christ.

Since Jesus returned to His rightful place and stands ready to respond to our shared concerns and needs, let us walk right up and get some help! May your journey to the cross during this Lenten Season draw you closer to God and others.

*Peace,*

*Pastor Cal*

## Health & Wellness: National Kidney Month

**H**ow much do you know about your kidneys? National Kidney Month is one of the health observances for March. Your kidneys do a lot; they remove waste from your body, balance fluids & minerals, control blood pressure, keep bones healthy, regulate hormones, and help make red blood cells. There are two kidneys in our bodies, each about the size of a fist; they are located on either side of the spine at the lowest level of the rib cage. The kidneys perform their life-sustaining job of filtering and returning to the bloodstream about 200 quarts of blood every day. The production of urine involves highly complex steps of excretion and re-absorption. Waste and toxins are removed in urine. Kidney disease can alter these functions. Kidney disease can happen when the kidneys become injured or damaged. This can cause serious problems such as heart disease, stroke, nerve damage, anemia, and high blood pressure; kidney problems can even affect bones, and then there is kidney failure itself.

**G**reater than 26 million Americans already have kidney disease, and most people don't know it. The early stages don't have many specific symptoms. The risk factors for kidney disease are important to know. One in three adult Americans are at risk. High blood pressure and diabetes are two leading causes of kidney disease, which may lead to kidney failure over time when left untreated. Other risk factors are a family history of kidney failure and being over the age of sixty. Black Americans are three times more likely and Hispanics are one and a half times more likely to have kidney disease compared to white Americans. Researchers do not fully understand why some ethnicities are at a higher risk for kidney disease. However, these specific populations also have higher rates of elevated blood pressure, diabetes, obesity, and heart disease. All these risk factors increase the risk of kidney disease. Access

to healthcare may also play a role.

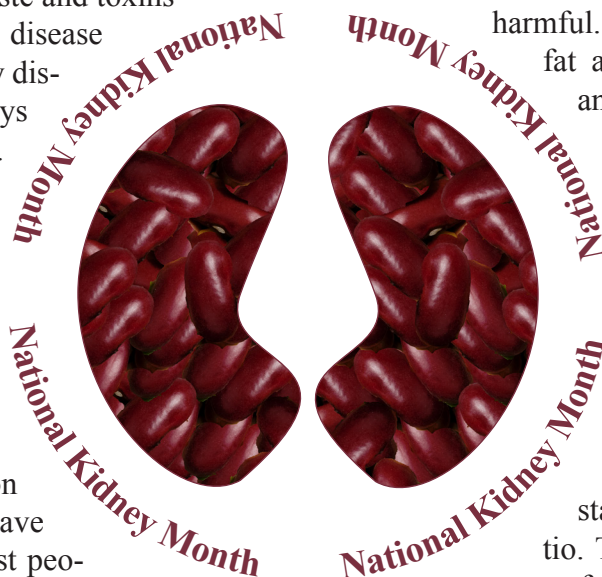

**I**t can take many years to go from chronic kidney disease (CKD) to kidney failure. Most people with CKD live out their lives without ever reaching kidney failure. There are important things you can do for the health of your kidneys. Make sure you keep your blood pressure and blood sugars in check. Maintain a proper weight. If you smoke, stop; if needed, seek medical help to assist you with quitting. Exercise regularly, avoid excessive pain medication, and try to limit taking large numbers of over-the-counter pain relievers for a long period of time as these may be harmful. It is important to eat less salt and fat and drink water instead of soda and sugary fruit drinks. Staying hydrated is important in avoiding kidney stones as well.

**I**f you are at risk for kidney disease, the National Kidney Foundation recommends two simple lab tests yearly. The first is a simple urine test to detect kidney damage. It is called (ACR); this stands for albumin creatinine ratio. This test detects the amount of a type of protein, albumin, in your urine.

The second test is a blood test called (GFR); this stands for glomerular filtration rate. This test can tell you how well your kidneys filter blood in your body and if any damage has occurred. If detected early, you can slow or stop kidney disease from getting worse by following your doctor's medical advice.

**K**idney health is important to your overall health. Knowing your body and how it works is key to staying healthy longer. Remember to follow your doctor's advice and ask questions to learn more regarding this important topic.

Teresa Field, *Parish Nurse*

# NURTURE & OUTREACH

## Hot Chocolate Outreach

Tuesday, March 5<sup>th</sup> @ 9 a.m.  
 The committee will distribute cups of hot chocolate to our neighbors at the bus depot.

## Domestic Violence Subcommittee Meeting

Tuesday, March 5<sup>th</sup>  
 11 a.m. in the Library  
 All are invited to attend.

## Nurture & Outreach Committee Meeting

Tuesday, March 5<sup>th</sup>  
 12 p.m. in the Dining Room

# Puzzle!

After completing this Easter crossword, unscramble the circled letters to discover a special word:

1. What Jesus was wrapped in
2. The site of Jesus' crucifixion
3. One of the rulers who questioned Jesus
4. He washed his hands of Jesus
5. Followers of Jesus
6. He denied Christ
7. A large hill
8. The feast celebrating escape from Egypt
9. Jesus' mother
10. A Jewish teacher
11. The doubting disciple
12. Jesus was mistaken for this
13. One of Peter's other names

--	--	--	--	--	--	--	--	--	--	--	--

Answers: 1. cloth, 2. Golgotha, 3. Herod, 4. Pilate, 5. disciples, 6. Peter, 7. mountain, 8. Passover, 9. Mary, 10. rabbi, 11. Thomas, 12. gardener, 13. Simon; resurrection

# COURT STREET IN ACTION

## FEBRUARY 2024

### SOUPER BOWL SUNDAY LUNCHEON

Sunday, February 11<sup>th</sup>

After our SOUPer Bowl Playoffs, only 4 soups were left to compete for this year's Champion: Chicken Noodle, Vegetable Beef, Cheesy Broccoli, and Tomato. All of the soups were delicious and passionately cheered on by their respective fans, but in the end, the winner was Vegetable Beef.

Thank you to everyone who organized and participated in this event!

### FACETIME

Sunday, February 18<sup>th</sup>

John & Ashley (Welk) Cesarek are expecting a baby this July, so when they attended service on February 18<sup>th</sup>, we turned the Facetime coffee hour into a celebratory reception for the expecting parents.

Congratulations, John & Ashley!

### FACETIME

Sunday, February 25<sup>th</sup>

Court Street had yet another milestone to celebrate with cake and coffee on February 25<sup>th</sup>. This time we celebrated Alice Gillette's 100<sup>th</sup> birthday! Alice was born on February 27, 1924.

Happy Birthday, Alice!

OPEN HEARTS...OPEN MINDS...OPEN DOORS

Dear Congregation and Friends,

With spring right around the corner, it is time to start planning your garden. This year's Garden Bazaar and accompanying Bake Sale is on Friday, May 17 from 9 a.m. to 3 p.m. Remember all pre-orders need to be picked up on Thursday, May 16 between 12 p.m. and 2 p.m., or you can have them delivered. A donation to Court Street would be appreciated for delivery.

Listed below are details for two new plants and a new yellow tomato added to our order form. The profits raised from this year's Garden Bazaar will be put towards the Capital Campaign Fund. Please feel free to share the order form with family and friends; additional copies can be found in the Narthex or attained from the church office starting in March or printed at home from the online PDF on our website.

Thanks for your continued support of the Garden Bazaar,

Sue Cram, *Chairman*

#### **Supratunias: Jazzberry**

Supratunias are large, mounding and spreading plants. They are usually so buried in flowers that foliage is almost invisible. They are wonderful landscape plants, where they put on quite a show. They are also great in large containers. They are Continuous Bloom, heat tolerant, drought tolerant and deadheading is not necessary.

- Likes to have part sun to full sun.
- Attracts butterflies and hummingbirds.

#### **Hosta: Dancing with Dragons**

The chalky-blue leaves of 'Dancing with Dragons' Hosta are shaped like elongated hearts and are edged with gently upturned, dramatically ruffled margins. The blue color persists late into the summer, extending the show beyond most blue hostas. Hosta 'Dancing with Dragons' is a strong grower that will form a lively mound about 18" tall and 43" wide that blooms in late summer with near white, fertile flowers.

#### **Tomato: Lemon Boy Yellow**

Lemon Boy hybrid is an eye-catching tomato with wonderful color and flavor. The deep globe fruit is slightly tangy, but also sweet and mild, meaty, and smooth — perfect for slicing. Adds visual interest to the garden! Vines grow rather tall, so be sure to stake or cage the plant. The highly adaptable indeterminate vines are resistant to verticillium wilt (V), fusarium wilt (F), nematodes (N), alternaria stem canker (A), and gray leaf spot (St).
