

Minnesota Chapter of Women in Public Finance 2024 Scholarship Application

Program Overview

The Minnesota Chapter of Women in Public Finance is a non-profit, educational, and professional networking organization for women in the public finance industry. It is governed by a board of directors representing the areas of government, finance, banking and law. The Minnesota Chapter was founded in 2011 as a chapter of the national organization, Women in Public Finance.

What is Public Finance?

Public finance generally refers to how governments raise and spend money. Individuals who work in public finance help governments at all levels—national, state, and local—obtain the necessary financial resources to pay for services and building projects such as schools, roads, parks, water, police and fire protection, libraries, housing and health care.
